YANK AID PUSHED  
Legion Asks Congress for \$85,000,000 for Disabled Veterans  
WASHINGTON.—(By Associated Press)—Members of the executive committee of the American Legion here in a three day session planned to spend a large portion of today at the capital in conferences with members of congress in an effort to expedite legislation for the relief of disabled veterans.  
The legion is urging the appropriation of a total of \$85,000,000 in five bills for aiding disabled veterans, laying aside temporarily their campaign for the enactment of bonus legislation.  
The committee members were expected today to lay before members of congress their views on the need of consolidating the vocational training and war risk bureaus and as much of the public health service as related to ex-service men.  
The executive committee at the close of a lengthy consideration of the matter last night issued a statement announcing it had decided to accept the offer of \$5,000,000 from the Knights of Columbus for the construction of a memorial in Washington for the fallen in the world war, provided the knights would agree to make the gift unconditionally.

8 KILLED IN BLAST  
Lawrenceville, Ill.—(By United Press)—Authorities today investigated the explosion of a can of nitro-glycerine here yesterday which killed a school teacher and a pupil.  
The can was found in a school building near the school house and school children. Teacher and pupils were blown to bits. Parts of their clothing was found scattered about the school.  
An oil prospector is believed to have caused it away after he had drilled a well. Oil men say that dripping left in a can are sufficient to cause an explosion.

## GOVERNOR DAVIS STARTS DRAFT

COLUMBUS.—(By Associated Press).—Applicants for positions on the state board of administration, said to number more than 100 and political leaders backing various candidates for these jobs, suffered a severe shock today when they read the public appeal issued last night by Governor Davis for "leading citizens" of Ohio to come forward and offer their services on the board of administration for a period of three months, until the governor's reorganization program is completed.

The governor announced he was going to appoint on this board "persons who have reached the top of the ladder in their private pursuits and whose wide experience and ability in handling big problems would be of invaluable service to the state." The governor is said to have in mind William Cooper Procter of Cincinnati, millionaire manufacturer,

and men of his type. He has called a conference of leading business men at his office for February 17, to select such men.

The attitude of the governor caused much comment in political circles, coming on the heels of his announcement of last week in which he condemned what he declared to be a well organized movement on foot among Republican and Democratic politicians to repeal the non-partisan judicial act and abandonment of the direct primary system. It was said to indicate that the governor has broken with political leaders and will appeal to the public for support of his reorganization program.

George E. Frazier, Illinois expert, is due in Columbus Wednesday from Illinois to take up with the governor the draft of his proposed administrative code which is expected to be ready for introduction by February 25.

Governor Harry L. Davis' determination to carry out his own plans as state executive appears to have caused a break between him and political leaders, resulting in him calling for public aid and going so far as the bringing in of help from outside the state.

### "POWER OF GOD," SAYS WOMAN; "HUMBBUG," SAYS MINISTER

MAINE GOVERNOR TO FOLLOW PLANS OF PREDECESSOR

Percival Proctor Baxter, of Portland, Me., is the new governor of Maine. As president of the state senate he succeeds Gov. Parkhurst, who died of diphtheria infection. Gov. Parkhurst was governor only 25 days when he died and Baxter automatically fills the office. Baxter has announced that he will carry out his predecessor's program for the industrial development of the state. The election of Parkhurst last September was hailed as an indication of a Republican landslide over the country.

**\$15,000 OFFERED IN HOME DRIVE**

Prizes to Be Awarded For Small House Designs

CHICAGO.—(By Associated Press).—Out of 1,000 designs of plans for the ideal American small home received from architects throughout the country in the national "Small House Competition" which closed last night, there will be selected thirty-six prize winning designs and the winners of the \$15,000 in prizes will be announced Thursday, February 10. The contest has been conducted with the approval of the American Institute of Architects, under the direction of Henry K. Holzman, of Chicago.

Five nationally known architects will serve on the jury of award: They are, C. H. Hammond, Chicago; Edwin H. Hewitt, Minneapolis; E. J. Russell, St. Louis; Hall F. Heinz, Atlanta, and Dwight James Baum, New York. "Realizing that small homes generally are not planned by the most competent architects and that small house designs are not usually profitable work for established architects," according to Mr. Holzman, "the Small House Competition" was conducted to enlist the best architectural skill and minds of the nation as a step toward solving the appalling housing shortage.

The prize-winning plans will be made available to home seekers, with the co-operation of the "Own Your Own Home" movement fostered by the National Association of Real Estate Boards, the National Thrift Committee, and various building trades organizations. Arrangements are being made to publish the best plans in book form for popular distribution.

**RECRUITING FOR ARMY ORDERED DISCONTINUED AT THE LIMA OFFICE**

"Reject all acceptances; instructions will follow by letter," was the terse message received from the War Department Tuesday morning by Sergeant R. H. Long, in charge of the Lima recruiting station.

Sergeant Long was not surprised. Opposition to the part of Congress to an army larger than 175,000 men is believed to have caused the summary order.

Long does not expect the local office to be closed in the immediate future. Matters pertaining to the army, such as insurance, the distribution of Victory medals, and the possibility of a reserve being formed, he thinks, will keep the local office open.

Attendants at Revival Meetings Go Into Trance

DR. COLE DOUBTS "POWER"

"I Saw Heavenly Visions," Says One Woman

(By WILLIAM L. BARLOW)  
"It is the power of God," says Evangelist Pearl Watts.

"It is a humbug," says the Rev. J. Allen Canby, pastor of the Central Church of Christ.

"Those effects can be produced by hypnotism. I question whether there is any super-natural or divine element in it," says Dr. Walter D. Cole, president of the ministerial association.

These statements Tuesday followed the appearance here of Evangelist Watts and the fact that a number of persons who have attended her meetings at Starnetz hall, Market and Union-sts, went into a trance.

Mrs. Watts came here Sunday evening from Michigan for a series of meetings. She had a tempestuous time in Michigan cities where efforts were made to expel her by legal action. Following the failure of this, reports from Clayton allege that the public resorted to a barrage of eggs.

I attended her meetings Sunday night and Monday night. What I saw was a revelation to me in the way of religious services.

Sunday night I saw a girl, 18, who resides on E. Perry-st, "fall under the power." She lay for several hours at the foot of the altar with a dozen or more "workers" going thru wild exhortations about her. She did not regain her senses until after she had been removed from the hall and taken to her home in an automobile. All the time she lay in the hall she was apparently lifeless and gave no indications of knowing what was going on about her, although it would have been impossible for any person to sleep in the hall.

**WOMAN DROPS TO FLOOR**  
I saw another woman drop to the floor before the evangelist Sunday and remain unconscious for a number of hours. She resides on N. West-st. Later she apparently became hysterical, for a time laughing and shouting, then crying and wringing her hands.

She told me that while she was in the trance she saw heavenly visions. Monday night as the altar call came from Evangelist Watts there was a surge and persons jostled each other wildly, shouting, laughing and crying.

From among the throng at the altar I saw a middle-aged woman who resides on E. Wayne-st, kneel at the altar, away as if she would topple over, raise her hands in the air and cry. Then, quietly, her head swayed for a minute and she fell backward. A pillow was placed under her head and she lay unconscious for more than an hour.

I saw many persons sway and appear to be on the verge of toppling over when they would revive themselves as if they were shaking off something and would go on with their actions about the front of the hall.

**SHE DEFIES ACTION**  
In her sermon Monday night the evangelist mentioned her troubles in Michigan. She took occasion to defy official action here.

"I am a messenger of God," she said, "and am here to deliver His gospel."

Newspaper accounts of her meetings at Pontiac, Mich., say that the attention of police was attracted the first night when they saw workers wheeling an apparently lifeless body from the hall where the services were in progress. The body was hurried away in a taxi.

An investigation was started and the next day she was ordered to appear before the prosecuting attorney, the newspaper accounts say. The official said he was without power to act.

Following is a quotation from a Pontiac dispatch to the Toledo Blade of Jan. 21, written by William S. Jewett, a staff correspondent, sent to that city to cover the news occasioned by the meetings for his paper: "Mrs. Pearl Watts, Toledo Pentecostal evangelist, has just successfully split this city wide open with her religious fervor as she did the village of Clayton some weeks ago."

the community of Clayton, but irate citizens here see splendid chances for a recurrence of these happenings in the near future.

**LEFT ON FLOOR**  
"The Clayton turmoil began after Agnes Armstrong had gone 'under the power', due to exhortations by Pentecostal workers and had been allowed to remain unconscious on the cold church floor for an entire night."

"Emma Rouse, a 15-year-old girl, experienced the same thing here Tuesday night, except for the fact that she only lay six hours gibbering at the foot of the altar, where the services are being held."

"Mrs. Watts took a splendid fling at Pontiac ministers in her Thursday night services."

"If these men who get up in their pulpits and preach for dollars were only converted, the notorious Pearl Watts would not be standing alone for Jesus," she declared.

"The reflection of this remark so overcame Mrs. Watts that she leaped high in the air like a startled fawn and unleashed a screeching hallelujah that view with a steam calliope in pitch and strength."

**MOONEY VICTIM OF 'FRAMEUP', CLAIM**

Witness in Frisco Preparedness Day Case Confesses

NEW YORK.—(By Associated Press).—Frank P. Walsh, of counsel for Thomas J. Mooney, convicted of murder in San Francisco in connection with the preparedness day bomb explosion in 1918, early today telegraphed San Francisco authorities apprising them of an alleged confession by one of the witnesses in the case that he had given perjured testimony at the trial.

A special grand jury is now investigating an alleged conspiracy to convict Mooney.

The witness named by Mr. Walsh was John McDonald, now a resident of Trenton, N. J., with whom Mr. Walsh had a long conference last night. According to Mr. Walsh, McDonald declared in an affidavit covering thirteen typewritten pages that the case against Mooney was a "frameup."

"McDonald swore in his confession," Mr. Walsh said, "that he could not identify Mooney as the man he had seen with a suit case prior to the preparedness day explosion, although he identified Mooney during the trial. He said District Attorney Flickert, the San Francisco prosecutor, had forced him to make the identification."

Nine persons were killed in the preparedness day explosion. Mooney was sentenced to death and Billings to life imprisonment. After every appeal from the sentence had failed, President Wilson interceded in Mooney's behalf and the sentence was commuted to life imprisonment.

The first charges in which the prosecution of Mooney was characterized by a "frameup" were made recently by Policeman Draper Hand, another important figure in the case.

**HARDING SAYS NO**

Refuses to Eat "The Flame of the Bronze"

DIXON, Ill.—(By Associated Press).—President-elect Harding has written Mrs. Eli Fowler of Rochelle, Illinois, declining with thanks her offer of "The Flame of the Bronze," champion turkey at the recent national poultry show in Chicago, for his first Thanksgiving dinner in the White House.

Mr. Harding expressed "reluctance to take food out of so valuable a bird while we are preaching simplicity and thrift as one of the necessary remedies to effect an American cure."

### AFRICANS VOTE ON SECESSION

Balloting Today to Decide on Break With England

POPULATION IS DIVIDED

Generals Smutz and Hertzog Lead Opposing Factions

LONDON.—(By Associated Press).—No less vital issue than the secession of an important state of the British empire by ballot arises in the election today of a new legislative assembly in the Union of South Africa. In England it is considered that few more important elections have taken place in a British dominion.

Broadly the question is whether South Africa, comprising the provinces of the Cape of Good Hope, Natal, Transvaal and Orange Free State, shall continue its allegiance to the king of England as one of the self-governing dominions of the empire, or whether the South African Union shall set up as an independent republic.

**BOER ADMIRE**  
English sympathies naturally are with the loyalist sections of South Africa.

Both sections are, however, admitted for their decision to settle differences by the ballot, rather than by more drastic means.

At the head of the loyalist section of the South African population of approximately 6,000,000, is General J. C. Smutz, former Boer general, now prime minister of the Union. He is better known to the world as one of the leading advocates of the league of nations. Opposed to him is General Hertzog, also a former Boer military leader.

**TWO ELEMENTS**  
General Smutz represents the large British element of the population which believes that the Union formed in 1909, is the solution of the political problem. General Hertzog leads the "Irreconcilables," the exponents of the lost cause of the Boers.

He is the general election of March, 1920, the Hertzog party obtained 44 seats in the legislative assembly, thus becoming numerically the largest party. It was supported in its opposition to the Smutz government by a labor party of 27.

The result today is said to hinge on the success of the third, or balance of power party, that of labor. English political observers expect a small but working majority for General Smutz.

**SELLS HIS SPOUSE**

Illinois Man Exchanges Mate for Vacant Lot

CHICAGO.—A vacant lot, valued at \$500, was the price for which Enoch Johnson, of Rockford, Ill., "sold" his wife Marie to a butcher, she told policemen here.

She did not resist the transaction, however, she let it be known, and intended to leave tonight for Reno, to arrange preliminaries preparatory to a conventional sealing of the pact.

"I couldn't live with my husband and I liked Berger Peterson, our butcher. After I came here with Berger my husband followed us. He and Berger met."

"You turn over the lot and I'll never bother you again," he told Berger. So they got a lawyer to draw up the deed and that was all there was to it."

But the police blotter shows that wasn't all. Peterson had a brother with a half interest in the lot. He and Johnson had an encounter which cost them \$1 and costs. That attracted a tendon and then Mrs. Johnson, who is 20 years old, and the butcher were arrested at a hotel.

Johnson said he and his wife lived happily until one day he saw her casting longing glances at the butcher shop across the street.

"I asked her what the attraction was," he said, "and she said that a dressed pig in her window looked good to her. I found later that the real attraction was the butcher."

### WANT WOMAN MEMBER OF CHILDREN'S HOME BOARD

Lima and Allen-co women, representing the Lima Federation of Women's Clubs and the Allen-co Child Welfare association, in session Monday afternoon at the Lima Club, in the adoption of a resolution made formal request of the Allen-co commissioners for the appointment of a woman member of the Allen-co Children's Home board.

The resolution recites that "women have always been preeminently interested in and responsible for the child and the home; that since dependent and neglected boys and girls stand in peculiar need of their nature, care and understanding; that the women of this community, in common with those of the state and nation have come into full responsibility of citizenship duties; therefore, this body feels that it is fitting and appropriate that women should be represented on the board of control of the Allen-co Children's Home."

**WHY REQUEST IS MADE**  
Dr. Josephine Peirce, president of the Allen-co Child Welfare association, stated Tuesday that in asking for a woman member of the children's home board, it was not for the purpose of criticising the conduct of these institutions under the direction of Superintendent and Mrs. D. W. Higby, but they feel that a woman member could and would do great assistance to Mrs. Higby in her problem of ordering the lives of the children.

Beecher Moke, president of the Federation of Women's Clubs, is very much in favor of woman representation.

The present members of the board are Dr. D. H. Sullivan, Lima; Wm. J. Judkins, Lima; Wesley Wright, Delphos and Charles Hoover, who resides near the home.

**PROTESTS TO U. S.**  
Hungary Objects to Manner of Deporting Aliens

WASHINGTON.—(By Associated Press).—Representations have been made to the state department by the Hungarian government concerning the manner of deportation of undesirable aliens from the United States.

The representations, which were transmitted thru the Swedish minister here, said deported aliens had been placed on liberty aboard the vessel, and asked them to organize propaganda against the government of Europe which had produced "certain undesirable results" in Hungary.

The state department was asked to have aliens deported from the United States segregated aboard vessels.

Because of what officials described as the "vagueness" of the Hungarian representations and the absence of American jurisdiction over the aliens once they leave American shores, it is not regarded as likely that the state department will find it possible to comply with the Hungarian government's request.

**WOULD FIX RENTS**  
YOUNGSTOWN.—City council has voted to ask the Ohio legislature to pass a bill fixing the maximum profit which may be required by holders of homes. The council also decided to investigate milk prices here, following charges of a monopoly. Milk is selling at nine cents a pint, 15 cents a quart.

**MILLS START TOMORROW**  
YOUNGSTOWN.—Resumption tomorrow of the nine sheet mills of the Youngstown Sheet and Tube Company, after a shutdown of 10 days, was announced today by the company. They employ 350 men.

### LABOR LEADER IS SENTENCED

Building Trades Council Head Given Prison Term

NEW YORK.—(By Associated Press).—Robert P. Brindell, president of the Building Trades Council, convicted of extortion from builders, was sentenced today by Supreme Court Justice McAvoy to serve from five to ten years in state's prison.

Counsel for the labor leader announced that an appeal will be taken from the conviction and the case will be taken to the United States supreme court, if necessary.

Brindell, who is one of the highest paid labor leaders in the United States, was convicted on evidence unearthed by the joint legislative committee investigating the "building trust."

The labor leader took the sentence stoically. He neither smiled nor looked worried. He calmly stood at the bar with his attorney, who previous to sentence, made motions in arrest of judgment and for a new trial which were denied.

Hundreds of Brindell's friends and labor associates filled the courtroom and corridors of the courthouse and gave him a rousing demonstration as he was led from the federal courts building across the bridge of signs to the Tombs by Sheriff Nott and a deputy.

There were shouts of "hello Bob," "we're with you, boss," "you'll be back with us, Bob," "don't worry Bob, you'll beat the case yet."

Somebody mentioned the name of Samuel Untermyer, chief counsel for the prosecution, and there was a storm of hisses.

The labor leader, who was kept moving lively by the court officers, appeared to pay little attention to the shouts and the scores of hands extended to turn the "iron trail" work protecting the prison corridor.

**11 JURORS CHOSEN**  
Picked for Trial of McGannon—19 Witnesses Called

CLEVELAND.—(By Associated Press).—Eleven tentative jurors, one of them a woman, were in the jury box when court adjourned for lunch today in the second trial of Judge William H. McGannon charged with second degree murder for the alleged slaying of Harold C. Kagy.

Out of a total of forty-four examined the defense and prosecution accepted the eleven jurors tentatively, all being subject to peremptory challenges by both sides.

In the belief that the jury may be agreed upon by tomorrow, County Prosecutor Stanton today issued subpoenas for nineteen state witnesses to appear in court tomorrow.

No subpoena was issued for Patrick Gurn, a state witness, who is critically ill with pneumonia at his home. The jury will be taken to his bedside to hear his story of the shooting of Kagy.

## MIDWINTER FAIR PROGRAM READY

Details of Show to be Held Here  
February 16-18

## BIG PRIZES ARE HUNG UP

### Boys' and Girls' Stock Judging an Added Feature

The program of the third annual Lima Mid-Winter fair has been completed. One of the big improvements to be noted in the conduct of the show is the fact that it will be held inside a building. Last year it was held in a tent and a storm came up and played havoc with the big top. The show will be held in the Buick storage building on N. West-st., having a floor space of 30,000 square feet. The fair opens on Wednesday, February 15, and continues till February 18.

Ladies will close at 3:30 p. m. Monday, February 14. Exhibits must be in place by 11 a. m. February 16. No stall rent will be charged but exhibitors must furnish their own feed and bedding. There will be a grand parade of exhibited stock, 5 days at 1 p. m. The committee also wishes it understood that all stock must be exhibited in the owner's name.

W. T. Agutter of Lima is president of the fair association. K. Stakestraw, vice president and H. K. Bassett, secretary and treasurer.

**GOOD PRIZES OFFERED**

Prizes will be offered for the best pure bred Percherons, both stallions and mares. There will be first and second prizes for each of pure bred Belgians and Shire and Clydesdale mares and stallions. The horses will be classified as to age, 4 years and over, 3 year and 2 year and 1 year. The best piling stallion and mare colts are also to be awarded prizes. Grade draft, general purpose draft, roadsters, mules, saddle horses and champions are to be awarded prizes within their respective age limits.

For the best Welsh or Shetland pony any age, five prizes will be offered.

The cattle show is under the direction of D. P. Diller. Premiums will be offered in the following classes: Shorthorn and Friesian Durham, Aberdeen-Angus, Hereford and any breed Holsteins, Jersey, Guernsey and any breed in general will be accepted in the dairy class.

Under the sheep classes, will come the Shropshires, Oxford, Cheviots, Dorsets, champion mutton breeds and the wool breeds such as Merinos, Ramboulets and the champions Rams and ewes will be entered separately.

Poland China, Berkshire, Duroc, Chester White and other breeds of hogs will compete for honors.

The poultry classification comes under five heads: Barred Rocks, Asiatic, Mediterranean, English and Hamburgs. Turkeys, geese and ducks will be exhibited for prizes. For the best display of ten birds of any one variety, owned by one person, a silver loving cup will be given to the fortunate exhibitor.

The grain, corn and wheat show is under the supervision of H. Patterson.

In the boys' and girls' stock judging contest, \$100 in prizes will be offered. It is stipulated that contestants must not be over 18 years of age. There will be juvenile judging of horses, beef, cattle, dairy cattle, sheep and hogs. To each township having over five entries in the corn display, cash premiums will be awarded.

Copies of the premium list may be obtained from Dr. H. F. Falter, 227 S. Pierce-st.

## GOODYEAR CO. TO ISSUE BONDS

### Plan for Readjustment of Financial Affairs Adopted

NEW YORK — (By Associated Press) — Plans for readjustment of the financial affairs of the Goodyear Tire and Rubber Company, Inc., include issuance of prior preference stock sinking fund debentures and mortgage bonds totaling \$55,000,000, counsel for the company announced here today.

The plan which has been under consideration for several weeks, will be carried out under supervision of a bank creditors' committee. An intimation that an agreement had been reached was given yesterday in various financial quarters.

The prior preference stock to be issued will amount to \$75,000,000 (council stated, and two mortgages, each of \$25,000,000 will be negotiated to pay off bank debts. The mortgages will bear interest at 8 per cent and will have a 10 and 20 years duration, respectively. Council expressed the opinion that the plan would work out for the benefit of both company and creditors and would put the former on a firm foundation for future operations. The creditors' committee named to carry out the plan into operation included:

Robert C. Shaffer, Ralph Van Vechten, John Shewin, W. E. Bruyn, F. L. Jenkins, Myron C. Taylor, G. W. Crouse, R. E. Field, Charles A. Morris, A. H. Scoville, J. H. Smith, F. S. Bolton, C. R. Taven, R. L. Robinson and F. A. Seiberling.

Under the plan, the company will be reorganized into a new corporation, the Goodyear Tire and Rubber Company, Inc., which will be a subsidiary of the new corporation. The new corporation will be a public utility, and will be owned by the public. The new corporation will be a public utility, and will be owned by the public.

## 17 TAKEN IN RAID

\$135,000 in Narcotics Seized in New York Roundup

NEW YORK — (By Associated Press) — In a series of raids conducted early today and during the night in the Mulberry Bend district, skirting Chinatown, police and federal officers seized narcotics valued at \$135,000, destroyed a moonshine still they found in operation and arrested 17 men.

One raiding party fought its way thru a narrow passageway in Hester-st. and after a struggle lasting half an hour, took four men in custody. In one room they found four demijohns of moonshine whiskey and a still at work. A further search of the quarters revealed a hidden door, which they battered down.

Behind the wall, police said, seven men were found lying in bunks. The room was murky with opium fumes, they said. The raiding party found several opium pipes.

## LEGAL BATTLE TO FREE E. R. BERGDOLL STARTS

KANSAS CITY, Mo. — The legal battle to free Erwin R. Bergdoll, wealthy Philadelphia draft evader from the disciplinary barracks at Fort Leavenworth, where he has been confined since his arrest in federal court at Kansas City, Kansas, before Judge John C. Pollock.

The case of Erwin Bergdoll, brother of Grover C. Bergdoll, recently effected a sensational escape into Germany from the military States. It is of importance, because of the legal points involved, court officials said.

There are about twenty other men confined at the military prison whose cases are similar to that of Bergdoll. About fifty similar cases are held in abeyance pending the outcome of the Bergdoll case it is said.

Attorneys on both sides said that the decision of Judge Pollock would not be final as appeals will be taken to higher courts, either way the case is decided.

## ASK COUNTY BOARD TO MAKE PROMISE GOOD IN AIDING BRIDGE WORK

A committee of city officials and commission will visit the county commissioners some time this week to request a definite answer as to whether the commissioners are ready to spend \$18,000, agreed as being the county's share of the expense of building the Elm-st. bridge.

An additional bond issue of \$37,000 was authorized by council Monday night. This amount added to the original bond issue passed to make possible the construction of the Elm-st. and North-st. bridges, will bring the total available for this work up to \$106,000. In the meantime, all bids received for the construction of these two projects were rejected by Service Director McClain, owing to their long standing and the uncertainty of market prices, which have declined considerably since the bids were received.

New bids will be asked by the council.

## CHARGING ADULTERY, ALBERT ANDERSON IS DIVORCE APPLICANT

When he went to a hospital, his wife went to live with another man, Anderson charged in a suit for divorce from Elsie Anderson.

They were married in Cleveland in October 1914, and have a daughter, Florence, 5, with her mother. Anderson charges that his wife and a man named James Clifford were arrested in Cleveland in August, last, she on a charge of adultery and he for fornication. They both pleaded guilty, Anderson asserts. He says he believes they are now in Warren, Ohio, living there in a state of adultery.

He asks for the custody of the daughter.

## COUNCILMEN SEEK DELAY OF BIG PAVING PROGRAM

A recommendation was made by Councilman Reed and Jones, members of the street and paving committee of council, to hold up the paving of more than thirty streets until all underground constructions such as sewers, gas mains and water lines are installed and the ground has had time to settle, thereby eliminating all possibilities of the ground sinking after the paving is laid, which would result in holes appearing in the pavement, necessitating additional cost to the city for street repair work.

It is also recommended that action be taken on eleven streets by putting in all gas, water and sewer mains and other underground construction this year and paving be done in 1922 after the proper settlement of the backfill has taken place. In order that this work may be started immediately a bond issue of \$75,000 was requested. Referred to the finance and street and paving committees.

A resolution was adopted declaring necessary a sewer in Franklin-st., between High-st., and the corporation line.

## "MOVING DAY" AT COURT HOUSE

Judges Kinder and Klinger Retire From the Bench

**BECKER SUCCEEDS KLINGER**  
E. N. Warden, Napoleon, Takes Judge Kinder's Place

Moving day at the Allen-co court house, Tuesday.

Judge William H. Kinder, Findlay, who for the past two terms has served on the appellate bench, completed his work Tuesday. He will be succeeded Wednesday by Judge E. N. Warden, Napoleon, Henry-co, who was swept into office by the avalanche of Republican votes in November.

Not since Judge James Robinson of Marysville had a place on the appellate bench more than four years ago, has a Republican held place there.

**JUDGE BECKER'S CHANGE**  
Judge F. C. Becker concluded his services as probate judge, after two terms. However, he will not retire from public life, for on Wednesday he will assume the duties of the common pleas bench. He will be succeeded by Jesse H. Hamilton, Lima Republican, who was elected last November.

Miss Mayme Duggan, for many years deputy in the office, retires, after long and faithful service. Miss Duggan will enjoy a short rest and may later take an extended trip before announcing her plans for the future.

**JUDGE KLINGER RETIRES**  
Judge William Klinger, who retires from the common pleas bench with an unusual record in that but few of his decisions were ever reversed by the appellate and supreme courts.

He will give his entire attention to farming having extensive land holdings on the N. West-st. road.

With the retirement of Judge Klinger his court bailiffs also step out. They were his brother, Frank Klinger, and R. W. Poling. Poling has served for years. Klinger has been connected with the court a shorter time.

## WAR ON OWNERS OF UNTAGGED DOGS IS BEGUN BY SHERIFF

War on dog owners whose canines without tags has been started by Sheriff Charles W. Baxter.

Ross Carbone, Italian, 136 E. Fourth-st., was brought into Justice Botkin's court, Monday afternoon, charged with harboring a dog, without license.

Carbone pleaded guilty and was fined \$15 and costs by the court. He was ordered to procure a license for the dog, which he did at once.

Carbone is under indictment by the grand jury for alleged blackmail of Kliment Naum, South Side grocer. Trial is soon to be held.

Sheriff Baxter says this is but the first instance of where the owner, instead of the dog, must pay for negligence of the law. He promises to bring in the owners of the negroes who supply towers with the proper identification tags.

## STOCKHOLDERS OF GRAMM - BERNSTEIN COMPANY MEET HERE

Stockholders from three states of Co., gathered here Monday for their annual meeting at the plant. Directors and officers for the year were elected as follows:

Mr. Bernstein, president and treasurer; B. A. Gramm, vice president and general manager, and H. O. Bentley, secretary. Directors are Bentley, W. W. Austin and D. B. Bernstein, B. M. Gramm, H. O. Stein.

After the meeting the stockholders were shown thru the factory. At noon they banqueted at the Elks' home, following which they were taken for a tour of the city.

It was an enthusiastic meeting and the stockholders voiced optimistic sentiment for the prospects of the year.

## FINED FOR GAMBLING

Sam Minto, 45, William Walker, 28, and Howard Brooker, 30, all colored, were fined \$15 each when arraigned before Judge Jackson late Monday afternoon charged with gambling. They were arrested when William Jackson's pool room, 143 W. Fourth-st., was raided Saturday night by Officers Blair and Landfar.

## DIVORCE ASKED BY GUY M. KILLEN

Suit is Filed by Columbus Grove Attorney

## NEGLECT OF DUTY CHARGED

Conference and Love Feast Held At Church

COLUMBUS GROVE — (Special) — Attorney Guy B. Killen has filed suit for divorce from his wife, Sylvia Killen, on the grounds of neglect of duty. Mrs. Killen now resides in Omaha, Nebraska.

The marriage of Miss Ruby Huber, daughter of Mr. and Mrs. Clement V. Huber, and Raleigh Roberts took place last Wednesday. Mr. and Mrs. Roberts spent a short time with relatives in Continental and later returned to Columbus Grove to make their home. Mr. Roberts is part owner of the barber shop operated by Frost and Roberts.

Mrs. Archie David Hartzler has returned to the home of her parents, Mr. and Mrs. Joshua Beer, near Columbus Grove, following the death of her husband. He was preparing to become a medical missionary at the University of Illinois, Chicago, when stricken by spinal meningitis, which caused his death.

Mr. and Mrs. Frederick Stauffer, who were married January 22, will take up their residence on a farm near Columbus Grove. Mrs. Stauffer was Margaret Steele, daughter of Mr. and Mrs. Eli Steele, before her marriage.

The Rev. C. C. Peale, superintendent of Findlay district Methodist churches, conducted the quarterly conference and love feast at the Methodist church Sunday. A series of evangelistic services follow. The Rev. E. E. Childs is evangelist who is assisting the pastor, the Rev. W. S. Culp.

Irene Johnson, wife of Harry Johnson, has filed suit for divorce on the grounds of neglect.

Harry S. Carr, administrator of the estate of Amanda J. Breckbill, and executor of the estate of Mary E. Bogart, has filed his first and final account with probate court, in each instance.

## A HOME-MADE GRAY HAIR REMEDY

You Can Make a Better Gray Hair Remedy Than You Can Buy.

Gray, streaked or faded hair is not only unbecoming, but unnecessary. Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 1-4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the scalp, is not sticky or greasy and does not rub off.—Adv.

TO "PIN A ROSE ON OHIO"

Cornstalk Club Is Termed "String Bean Soviet."

(BY MARCUS)

COLUMBUS—One of the dominating dialogues of the session of the present General Assembly of a few days ago brought up the question that threatens to become the real issue of the next few years. It is old but recurring constantly, this query of whether we have a government of laws or of men. Recently, there has grown up a big sect who believe in the government of men and are frank enough to say so. That was the central fact that made interesting an exchange between Senator William M. Miller of Muskingum-co a few days ago and another person who still held the old fashioned notion that the state laws declared the public policy. Miller was asked this question: "Who fixes the policy, the Governor or the people of the state?" And with hesitation this lawmaker answered, "The Governor of course." The "of course" is the part that sheds the most light on the matter. There is no doubt, the Governor settles matters, although strange as it may sound in this age, there were old fellows who kept in the old charter until they thought everyone knew it, the statement that this is a government of laws and not men.

The temptation to personal government had, no doubt, a tremendous impetus from the reform movements of recent years. The men who led them seemed to be magnified because the issues were big, but the time has passed when reform propositions are pending. Aside from limiting debt creation, there has not been one proposed before the present session of the General Assembly and probably none will be. The aim is to make it clear that Ohio has a legal and not a personal government. There is no occasion for grandiloquent bounding about and vain pretension. The progressive laws, put there during the aforesaid reform movement, will be retained and they are dependent upon no man of this time, chief executive or superintendent of education. Their proclamations are not determinative, the question being settled in the public mind and the time being at hand for a counting of noses under the method the law sanctions, the referendum.

There will be thru all time a dispute as to where personal government begins and where popular government ends, but the form of the laws and of the constitution of Ohio is responsible for a growing protest against the disposition to treat the people's affair as an individual possession. When the mere change of administration becomes the occasion for wholesale ripper legislation which keeps all agencies of government in a turmoil for spoils, the road toward personal government is pretty well marked. There will be wonder where it will stop. When old issues are made the subject of emergency legislation and more than a dozen such pieces of legislation are found in three weeks in a period of peace and general public order, men to begin to question whether the principles they thought fixed and certain are really so.

If a party leader can boss the parliament organization that is an affair of the party and it goes no further therefore few people will extend sympathy to those members of his own faction who are at odds with Governor Harry L. Davis. The Governor took readings and soundings and determined that the current was running pretty strong in favor of non-partisan judiciary and the retention of the direct mandatory primary. He issued orders, then, on the subject which cannot be subjected to a double meaning. But, and makes, how the orders irritated the followers of Hon. Warren G. Harding, president-elect. It was Harding who told the grand rally here almost a year ago that he "abominated the primary" and it was his old guard which stood by him when the time-server had fled and made the nucleus of victory who proposed the submission to the people. The action of Davis emphasized the parting that has come. The non-partisan judiciary was but an accident, since the restoration of the caucus was the main thing.

If the readers of this column wish their guide, philosopher and friend to give them a piece of advice and will listen patiently to it, here goes. This helper of the oppressed will assume that those who follow his scintillating thoughts wish to preserve the institutions of government. Well, the referendum is one of those, whether they originally thought like this old cuss himself that it was a piece of tom foolery or whether they saw visions of paradise at the mention of the I. and R. No more flagrant attempt to defy a constitutional mandate has been found in recent years than the attempt to get around it by manufacture of "emergencies". A set of accountants with an adding machine discovered 12 in 15 days and the number growing every bill day. In this category were every conceivable proposition, with or without merit, form the illness of a county auditor to the desire of the Anti-Slavery League officials to be on a certain solvent payroll where, as the Scripture says, "their worm dieth not, and the fire is not quenched;" or in other words, where nothing depends upon continuity of contributions.

Now there is growing up in the General Assembly a real feeling on the subject of these emergency clauses. So long as the proposition was one of obedience to the pack instinct or daring to do, the members could no more be kept out of the referendum orchard than a set of growing, red-blooded boys could be kept out of a watermelon patch. But the picking up of the old shotgun of publicity has put a different face on things. Now, when the members go home they are meeting occasional persons who frantically inquire what is the meaning of

these attempts to imbue power. There is one thing to be said about the Anglo-Saxon: He does hold onto power when he gets it and from the days of Magna Charta to this hour there has been no permanent surrender of a principle gained. The Teuton and the Latin and the Slav have had liberty and lost it again thru their carelessness, but not so in recorded history the man who speaks the English or Gaelic tongue. If he suffers oppression it is because he cannot avoid it, but counts the hours until freedom is restored. In vague ways, the members are hearing these "voices in the air" and they will be heard. If not, the courts will be asked to say their say on this assumption of power never delegated. It may take a few weeks and a few mistakes but the "emergency clause" is losing its popularity day by day.

Who ever heard Ohio sing, "Mother, mother, put a rose on me?" Nevertheless, a flower Moriarty is her last name. — Is to be pinned on the state; to wit, the Board of Administration. Miss Rose is a politician of no mean ability and as an organizer can stand any town on its head. Elvira, where she was auditor and boss for many years, can take the stand and testify. It was months after she left town before the members of the community dared to walk the streets with heads aloft. She had them cowed, she did. Wives are reported to have frightened their husbands by telling them she was to come back, just in the same way that our mothers used to frighten by telling us that the policeman or the cop was about to get us. Miss Rose is a woman with a will and they do expect that she will be the dominant force on the board, no matter what men are named. She understands politics, too. She remarked after election that it was a good thing that Harry L. Davis scraped thru by a narrow margin since he would be far more likely to discipline than if he had gone thru by a big vote. Miss Moriarty was a power long before she had the vote, because of a dominant personality and while the residents say that things were in a turmoil, no doubt the town needed just that thing and it was probably a beneficial piece of work on her part. Let us all wish her well in her task on the expiring end of the board's history. If there are improprieties in the conduct of state business there, she will know it mightily quick.

A comparative defense may now be made for those appropriation requests which have been asked by President W. O. Thompson of Ohio State University. This defense is that other state institutions of similar kind, Michigan and Illinois, are asking more, the Wolverine academy ten million from men and the Sucker \$5,000,000. Against this Ohio State asks a measly little three million and the expression on the faces of the managing heads would seem to indicate that the officers are pained, grieved and annoyed that any question is made. One may even detect pity in their faces over the lack of understanding for the better things of life in that the finance committee members have asked of the whiffores of these requests. They should apologize. The institution is not one, two, three to the other states for dormitories for girls, so it is reported, but then it beats them in having style shows, classes, in stock market manipulation and fencing. Things do even up in this old world.

Death this week called two figures that were known thruout Ohio. One was Mike Mullen, of Cincinnati and the other was Edwin Jones of Jackson. Mullen was possessed of the sort of reputation as "Barhouse John" or "Tinkly-dink" of Chicago, but probably deserved it less than many others who did not have it. In a generation he was a figure in the council of the city, a strong man because George R. Cox surrounded himself with such. He was originally a Democrat, too, as few of the

beneficiaries of those big majorities in the Eighth ward knew. Only those who were in intimate contact with him can appreciate the grief at the death of Mr. Jones. He was a type of American. Denied an opportunity to acquire a complete education in the schools, his was gained in the university of hard knocks, as someone has said. But he was a man of large heart and the people of Jackson-co, even his old factional enemies, had a love and respect for him that once rendered his might prodigious. In politics, gratitude never soured him. When he won the only glory of his party in 1918 and led him to the governor's office, the men he elevated tried to kick him downstairs. It was this protest against a course pursued rather than anything else which made him a candidate for Governor in 1924 and led him to persist when another man would have run from the scene. All southern Ohio will remember today when all that remains will be returned to his old home.

When the "Corn Stalk Club" last week spent several hours in discussion of the rural school code, without being able to agree on anything, a glimmer of intelligence quivered the hitherto impervious skulls of some of the lay members. The club, which has been irreverently called the "String Bean Soviet," has a method of its own as some of the smart old codgers who run it will freely confess. The obstreperous members are set to work converting the club members and arguing the fine points of their proposed legislation. While they are talking and waving their arms in these weekly sessions it is assured that they are not delaying the proceedings in the main body. And now John Chester acts as referee and assures them all of a respectful hearing. The subject last week was, as stated, the code and there were more ideas advanced than would mark the meeting of a session of the Moscow Soviet, some being proposed in good faith and others with no other idea than to gum up the works.

Next week the aggregation will start on the Hughes health code. Judge W. L. Hughes ran smack into this proposition when he came here and quick as a flash he sprung the referendum on them. Yes he did, he spoke for three hundred thousand—or was it three million?—members of the health organization ready to shed their blood for the defense of the law and ready, which is more to the point, to give up a little "dough" for the trick. There may be something to this health reform stuff, but it is the guess of this old watcher on the hill top that some one has either some larceny in mind or the prevention of some larceny and it is just thrown into discussion to keep the animals fighting. Ohio is not yet ready to revert to barbarism.

Not only is Jimmie Reynolds, of Cleveland, admittedly the only member of the minority in the Ohio senate, but there are votes for him as the best majority member. It all comes from Jimmie's work in the defeat of county officers' term extension bill, for the time being at least. The selfishness of county officers caused the rumpus and Jimmie took advantage of it to tie the majority into a knot and then he cut the knot by exiling the extender which was wagging the dog of a four-year term proposition. His own partisans said he played it shrewdly, too much so, for he might have left the majority go ahead and have attached to itself the odium of a "steal." In the lower house, the Republicans burst into paeans of praise for his conduct, for it saved them a devilish lot of trouble. But, Zowie! James should have heard what the lobby said of him.

From the quiet precincts of London, Madison-co, come reports that Hon. Charles C. Crabbe, the lawmaker, is getting ready to agree with old Omar when he wrote after a night with the boys: "Indeed, the idols I have loved so long Have done my credit in the world much wrong." The old cuss went on to admit that he had disposed of his reputation for

a song, but it would scarce be asserted that the chief prober for the cow committee has done as much. Still, even his friends admit that the position of chief prosecutor has not helped him any. There was nothing in the proceedings that enabled onlookers, either near or remote, to see a future attorney general of Ohio in the room asking questions about tuberculosis reactions and spots in the lungs of slaughtered animals. The big knock came when the farmers were warned of the comeback upon them. Certain of the old forces snuffed this from the outset and they never let themselves be bequiled into taking the matter seriously. Mistakes in management are mistakes, as everyone knows, but the comparison of pasturization at the institution compared to no pasturization for the general public, proved too much. Then, too, every rural lawmaker knows that there are farmers who look upon a cough in a milk cow as no serious handicap providing, of course, she continues to give milk.

It cannot be said that the state is yet ready for the drastic suggestions made on developments of the problem that sometimes this, in effect, will be the law of Ohio if present tendencies continue. The present obstacle is lack of definite knowledge and the problems had a positive shock when a field veterinarian told them with all solemnity that after he had made all three examinations he was still unable to say whether an animal had tuberculosis or not. He said he could tell only after they were killed. This ought to furnish the first test and make inspection of all meat compulsory. Those who have lived in the villages or in the country districts know what happens now. Many butchers kill animals and no one can possibly be informed as to whether proper precautions against the use of infected meat have been taken or not. It's a pure gamble which depends upon the knowledge and honesty of the butcher. If there should be inspection in the cities, why not in the country? One is no better than the other.

Fewer bills than were expected

have met their end at the hands of the reform, sifting or sieve committee, of the House of Representatives. Whether the device actually fulfilled the expectations of its sponsors in discouragement of the introduction of bills, is still to be determined. Doubtless it has eliminated upon the introduction of a bill to please certain constituents, he will succeed in his design, no matter whether the committee votes it to the rubbish heap in 15 minutes, or not. Aside from eliminated duplications, it seems that the only measure actually killed was the bill by Representative J. H. T. Gordon, of Logan, which would have permitted welfare workers to descend upon county jails, not chairman of the temperance committee admitting there are still such persons. It was returned to its author, who was advised to bury it behind the barn. Ho, hum!

Ohio suffragists and persons of the gentler sex interested in the advancement of social reforms have been interested in the stories they read in eastern newspapers about Governor Nathan L. Miller's ideas of independence in politics. The New York chief executive told the league of women voters that they are a positive menace to good government and he advised them that the only thing for them to do is to go in one of the two political parties in order to cease being a grave danger to the body politic. This thing of operating between the lines of the factions does not appeal to the Governor as tending to complicate the game. The women are wondering now whether he will condemn as loudly the liberals, prohibitionists, bankers, highway material men, organized farmers, physicians, chiropractors, back rubbers, contractors and every other squad that makes its boast of influence because of mobility and freedom of action. Sounds sort of strange to pick on the women alone. No public official would be so ungallant in Ohio. We raise 'em differently!

Among his other legislative accomplishments Hon. Harry D. Silver, of Preble, may boast that he has en-

riched the vocabulary by adding the revival of an obsolete word. Lawmaker presented a bill to foster parents to undo the legal adoption when it is disclosed that a mistake has been made in the child adopted. To find a task fit this situation was a task that has been done. The word "adoption" almost defunct, means act of surrendering or yielding, is better than disadoption or a phrase that may be coined. Let Bill Miller boast that he has a "What'll you have?" a part of our languages our Eaton he boast he has built up, not torn

## PICK FULKS FOR POSTMASTER

Endorsed by Hardin-Co Committee For Ada Job

TO SUCCEED S. D. HAZLETT

News Notes of General Nature From Nearby Village

ADA — (Special) — James K. Fulks has been endorsed by the local and county Republican committee to succeed S. D. Hazlett as postmaster. The appointment proper belongs to Congressman R. Clint Cole. The change will not occur before next September. As we have it, no change in anticipated in the personnel of the present force from deputy down to carriers who are under the civil service regulations. Henry H. Harvey, chairman of the Hardin county executive committee, has been endorsed for the Keaton post-office.

The Y. W. C. A. will present one of Arthur Lewis Tabbs strong domestic dramas in the Lehr, Thursday evening, entitled "The Heart of a Hero." The play has been coached by Miss Carrie Wilson and is for the benefit of the Isabella Thompson College of Lucknow, India.

The Northern R. O. T. C. unit will be inspected sometime in February by an officer from Headquarters Fifth Corps Area, Ft. Ben Harrison, Ind.

The new lumber storage being erected by the Slagle Lumber Co., of Lima, successors to the Ada Coal & Lumber Co., is a great improvement over the former building both in appearance and size. Floor space will total 40,000 feet, practically doubling the previous capacity. Its completion is planned for about March 15.

Big plans are being made for a big school frolic to be given February 11. No details have yet been made public.

James Collier of Ironton, prominent Liberal Arts student here before the world war, and veteran who saw much service overseas with the Rainbow division, has returned to Ironton for a course in law. He is married and will bring his wife here soon.

Mr. and Mrs. P. B. Wolfe, who have been recently employed at Ann Arbor, Mich., and who were in Ada last year as employees of the Pacific Studio have returned in like capacity to assist with the work incident to the Northern annual.

Mr. and Mrs. L. L. Dobbins have received announcement of the marriage of Miss Helen Correll, daughter of Mr. and Mrs. E. J. Correll, New Castle, Pa., to Mr. Richard Al. Correll of Cincinnati. The wedding took place at the Gibson House, Cincinnati, on Jan. 20. The bride's mother will be remembered by many Ada people as Dora Fritz.

## A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.  
By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.  
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## WELCOME NEWS

NEWS that President Wilson is able to leave his home to attend a theater will be gratifying to the country at large. Both friends and political enemies will rejoice that the great statesman will be able to step out of the White House in a few weeks a stronger man than even the most optimistic hoped for a few months ago.

His partial recovery will lessen the sorrow the nation must feel when he turns over to his successor the leadership of our great nation. Eight years ago he entered the service of his country a strong, vigorous man. He became a world leader in an hour of peril and saw his nation enter and emerge victorious from the greatest conflict the world has ever seen; saw the principles for which we fought established and a common foe to civilization crushed beneath a righteous heel.

In the midst of his last great fight, a fight for a thing he believed and still believes just, his health gave way. He was unable to carry on the battle and others who assumed it were not successful, a shock to him. But his strength is returning. He will continue to be an international figure, known as a man whose whole interest was the welfare of humanity as he saw it.

## OTHERS FIND IT SO

THE illustrious Gilbert K. Chesterton, noted English author, has just returned to New York after a brief tour of this country. He sizes us up in a statement given out to correspondents at the Metropolitan and observes one thing that a great many natives have felt for some time.

Among his praise for many of our institutions, some good-natured criticism of a number of things and a few sharp jabs at still other things, the brilliant visitor finds this country a place where one, especially from the land of King George and Lloyd George, develops an abnormal thirst. He hints that man cannot live by orange juice alone, but fails to mention grape juice, which, if he had, probably would have brought forth a prompt challenge from a well-known Nebraskan for a debate on the subject.

Our foreign visitors, accustomed to the cup that cheers, must find this a more or less dreary place for most of them have not been deprived of the real stuff long enough to cultivate a taste for the deadly substitutes now to be had in copious quantities in most every section.

MISS LIMA: "The only drawback about living 2,000 years, as has been predicted, is that one would have to be tortured multiplied by being required to continue to meet some of the pests he knows. Sometimes even death has its compensations."

"And now, gentlemen," roared the orator, "I just wish to tax your memory a little."  
"Good heavens!" exclaimed one of the audience. "Has it come to that?"

We have just received from Large Bill Edwards, our genial collector of internal revenue, an income tax blank for 1929, which pre-supposes that we made \$5,000 during the year. We desire thus publicly to thank Big W. for the compliment, for we feel that is a compliment, however much it is undeserved. To tell the truth, we don't know exactly how much we did earn in 1929, but we feel that will be entirely too optimistic in regard to the matter.

BUT THE LADY STENOGRAPHS ARE ALL OFFICE MAN-AGERS NOW.

Dear Roy: Nothing with great alarm to a great number of "made" stenographers who are substituting those of the "real" sex. I begin to wonder what inducement there still is for the business man to stay at his office and accomplish his work.

Also, what about the poor salesman who used to take the sten. out for a good time to get into the good graces "of the firm"? Not much kick in it for him. Alas and alack! Now with prohibition, blue laws and "male stenographers," what's the use of living?

## THE HUMAN SIDE OF GREATNESS.

BY EDGAR A. GUEST

My boy and I were walking yesterday  
And met a great man known to worldly fame.  
He smiled upon the lad and asked his name,  
Talked of the sports the youngster loves to play  
And stroked his head in my familiar way,  
And wished his son had such a sturdy frame;  
Listened to all the young lips had to say  
As tho from them rich pearls of wisdom came.  
When he had said goodbye and wandered on,  
I saw the boy's eyes follow him, and then:  
"Oh, dad!" he cried, "he's just like Uncle John  
And you and Mr. Brown and other men!"  
For such a truth 'twere well worth going far—  
He'd learned how human great men really are.

## DRASTIC ACTION NECESSARY

PETTY thieves are becoming exceedingly bold in Lima. They are working almost in the shadow of police headquarters as well as in the more remote sections. So far, the indications are that they are novices, undoubtedly misguided youngsters who are resorting to a turn in crime to get an easy living.

The police department is making an honest effort to apprehend them but their activities in widely separated places make this difficult for even the most expert policeman.

Aside from the general tendency to steal as a means of getting something for nothing, there are other factors which are contributing to the crime wave now sweeping the entire country and which are not unknown in this city. Chief among these is the fact that courts have been entirely too lenient in dealing with criminals after they are brought before the bar of justice.

As long as men see an opportunity to get a suspended sentence they will not be hesitant about crime. When this evil and that perpetrated by pardon boards are eliminated and those found guilty forced to serve the full term prescribed for their particular offenses, then there will be a dropping off in crime and not before.

The sooner Ohio does away with the indeterminate sentence law which places full control of prisoners' terms in the hands of men far from the scene of the crimes for which they are imprisoned, the better. The judge who hears the evidence and knows the case from start to finish is the one best fitted to determine what is a reasonable term.

Drastic action is needed here to check the tendency to steal before it grows more serious. Complete co-operation of the public, police and courts with prison sentences in keeping with crimes will do much to halt it.

THE only difference between the robbery of the Middletown gambling house by bandits and the usual run is that the participants lost their cash in a bunch instead of in installments.

### KISSES IN A VERBAL SANDWICH.

Three thousand or more throats launched their protests with heets, kisses and cries of "Fake."—Chicago Herald Examiner.

The one conspicuous feature of Mrs. Harding's shopping trip on Fifth avenue is that Warren is not with her. We have wondered why Warren beat it so suddenly for Florida, and now we know. The man is a genius, beyond a doubt. We have picked the right party for president. If he can dodge other crises of his administration as easily as he has this one, he will gain the reputation of being the world's greatest diplomatist.

When a man's wife goes shopping on Fifth avenue, the proper place for the man himself is in Florida. Of course, it is an expensive trip, but not as expensive as staying at home under the circumstances. Warren has shown us the way, brothers. Even if you can't go as far as Florida, there is no reason why you can't hide in a nearby town.

How about a "drive" to aid the poor, underpaid grand opera singers?

### SOME REAL WIND.

Several times we have mentioned the wind that skids around the corner of the drive where we live. We have just received the following from Capt. Elihu Nascomb, of Freepoint:

"You think you know something about wind, but listen! You ain't never seen real wind. The place to find it is up in the Arctic sea. Well, we was up there some years ago and was wintering among the ice packs. There flocs was just naturally alive with polar bears. We had some old muzzleloadin' guns, but all our powder had got wet in a squall and we just had to set and watch them fine, fat bears walk up and down and look at us contemptuously. Well, one day I went out with a pocketful of bullets and the wind was blowin' great guns. I see a fine polar bear right down the wind from me, so I takes up a bullet in my thumb and finger and lets it go. Danged if the wind didn't blow so hard that bullet went plumb thru the bear an' he keeled over. We killed more'n a thousand bears that way that winter."

## TODAY'S HEALTH HINTS

By William Brady, M. D.

### HOW TUBERCULOSIS SPREADS

As I explained the other day, in every hundred adults it is safe to say that 97 have latent tuberculosis, which produces no symptoms and does not impair health, and the other three develop active tuberculosis, that is, their latent or smoldering tuberculosis infection lighting up into active disease of the lungs or some other part of the body and accordingly impairing health.

Competent students of tuberculosis teach that the time of infection is infancy or childhood, as I explained in the preceding article on the subject. And they add that in youth or early adult life is the time of super-infection; that is, they assume that persons from the age of 15 years to 30 years are likely to be exposed thru prolonged intimate personal contact with one who has active lung tuberculosis and thus to suffer further and perhaps more virulent infection or repeated inoculations, so to speak. This they call per-infection. It is true that most cases of active lung tuberculosis occur in persons from fifteen to thirty years. This is the time of life when chums, partners, pals, lovers, husband and wife are most intimately associated; it is the time, too, when we are likely to ignore or neglect matters of personal health or hygiene.

Kissing one who has lung tuberculosis or any other respiratory infection is a very good way to contract the disease. There is no joke about this. It is a well established fact that infection may be readily transferred thru a kiss. Many cases of syphilis have been caused by infection thru kissing, as the victims have learned to their sorrow.

If you shake hands with one who has active lung tuberculosis, or any other respiratory infection, see to it that you wash your hands before unconsciously bringing fingers to your lips.

Occasional or casual friendly visits to a person who has tuberculosis in an active state and who is intelligent and reasonably clean or properly cared for is absolutely without danger to the visitor, provided there be no personal contact other than a shaking of hands and the precaution I have just mentioned is taken.

I told the other day why it is advisable, when meeting or talking with anyone who has any kind of respiratory infection (either tuberculosis or diphtheria or the common coryza or plain sore throat or bronchitis or pneumonia), to remain outside of the five-foot barrier. This may be done without embarrassment to anyone.

The notion that the germs of tuberculosis or of any other disease may be carried in the air, that they float about in the air seeking whom they may devour, is pure nonsense and unworthy of serious attention. No known disease can be spread thru the air.

A visitor who handles anything such as a book or other object the patient has been handling should take the same precaution to wash the hands afterward before the fingers unconsciously stray to the lips, possibly to implant still living germs in the mouth.

FEELS BETTER THAN IN PAST FOUR YEARS

"For four years I was troubled with nervousness, frequent raging headaches and I would have so much gas on my stomach after meals it would make my heart flutter and give me cramps."

"I seemed unable to find anything in all that time that would stop those troubles until I bought Earle's Hypo-Cod. It did the work at once. I don't have raging headaches any more. Don't have trouble with my stomach and it has built me up so nicely I am feeling better than I have during the past four years," declared Mr. John Compliman, 146 Guilford-ave. Columbus, Ohio. (Mrs. Compliman also publicly endorses Earle's Hypo-Cod and vouches for the quick, pleasant way it did work.)

Belching, bloated, gassy, raging headaches, stuffiness in chest, foul breath, pains after meals and kindred symptoms of stomach trouble cause many people to suffer month after month with Earle's Hypo-Cod can easily be bought any drug store and costs only 15 cents per day to take. ## YOUR NAME

By PHILIP FRANCIS NOW VARIATIONS—Thackeray, army, Thackeray, Thackeray. Thatcher: RACIAL ORIGIN—English. SOURCE—An occupation. In the governmental and records, the lists and the medieval England such names as "Roger le Thacker" and "Hoc Thacker" are to be found. At that time, of course, the pedigrees to the given names most part were purely descriptive signifying the trade which bearers followed. The tradition of roofing, for with isceptions the ordinary house Middle Ages had a thatched roof. Later the same names are but here and there minus the showing that in some cases they were being used as real, merely descriptive names. Such combinations as "Walter cer, le Cordwainer," proved that name had become a family or that the said Walter was a thatcher at all, tho his name indicated it. The harsher pronunciation ally developed in the northern of England and the softer south, just as the same word "church" in the south and in the north, or "fish" in the north and "dike" in the north and "dit" the south. The flourishing ending "ay," developing in some cases to "y," were simply whimsical endings added in much the spirit that same names were used to show the learning of bearers.

St. Marys Police Chief Goes to Roswell, N. M.

ST. MARYS — (Special) — Eggs at twenty-five cents per dozen retail are promised by a local dealer at the end of February, with continued mild weather. Eggs are retailing now at 40 cents per dozen. The production has doubled during the unseasonably warm period. Owing to the too-early date for placing the product in storage, it becomes necessary to find a ready market for the current receipts, an authority claims. Present prices are the lowest in many months.

One hundred thirty-one muskrats have been captured and their pelts marketed for \$131 to date this season by William Sherman, Jr., and his brother, Christy Sherman, St. Marys public school students residing on the south shore of Lake St. Marys. ## Famous Old Recipe for Cough Syrup

Really and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

# KENTON IDLE HOURS TO PLAY CRESCENTS HERE FRIDAY

ST. ROSE HI BASKET QUINTET HAS GAME TONIGHT WITH PIQUA HI; FRIDAY NIGHT HERE WITH SPRINGFIELD; WEEK LATER AT FORT WAYNE

## ST. ROSE TO TACKLE PIQUA HI QUINTET THERE TONIGHT

St. Rose Hi has two important basketball games this week, one to be played on a foreign floor and the other at home.

Tonight their basketball team journeys to Piqua, where they will battle the Piqua Hi clan. Friday night on the St. Rose auditorium floor they will bring the speedy Springfield quintet here, which undoubtedly is one of the best high school aggregations of basket tossers in this section.

At Piqua tonight the locals have a hard game ahead. The team there so far this season has been able to keep their heads above water, by being undefeated. They stand ready to meet all comers, and St. Rose players are aware of what they have to stack up against.

The local team has been put thru some strenuous workouts the past week and are in the best of shape for their fray at Piqua. O'Connor and Cunningham, St. Rose's pair of speedy forwards, will start the game with Smith at center and Collins and Leonard playing at the guard positions.

### TO PLAY AT FT. WAYNE

Following their game with Springfield here, next Friday, they will practice hard until the 18th of February when they will journey to Ft. Wayne to tackle the Hoosiers.

Earlier in the season Ft. Wayne defeated St. Rose on their floor here. At that time the locals had practically no practice and were in no condition for the game.

The Hoosiers are fast, and a hard bunch to deal with. But St. Rose is slinking the song of revenge and it is probably that they will have Ft. Wayne pining a different tune after the return game to the Hoosiers next state.

St. Rose has developed a wonderful defensive scheme, which they have proved exceedingly weak. Their offensive work at the hands of O'Connor and Cunningham should make them one of the hardest teams in these woods to beat.

## JACK BRITTON RETAINS HIS CROWN

(BY HENRY L. FARRELL)

(United Press Staff Correspondent)  
NEW YORK — Besides being the world's welterweight king, Old Man Jack Britton is a monologue champion.

Perhaps a running line of taunting talk from the first to last gong, had as much to do with his victory over Ted Lewis in Madison Square Garden last night as the tantalizing left he kept in the Englishman's face.

### LEWIS SHOWS UP POOR

It was a great exhibition of what Lewis doesn't know about boxing. Britton gave a marvelous exhibition of blocking and defensive tactics. Lewis missed enough blows to pound the nails in a bungalo. In 15 rounds he didn't hit the champion solidly a half dozen times. In the sixth and tenth rounds only, Lewis looked unlike a novice.

The champion was a bundle of confidence and he let his feelings out thru his tongue.

### GIVES HIM INSTRUCTIONS

Between the rounds Britton followed Lewis to his corner muttering: "Listen if you don't come down I'll take you to school awhile."

Lewis hit him low in the fourth round and the champion hissed thru his teeth: "That's your game ch kid don't try to sneak out on a foul!"

In a clinch during the fifth round Britton close to the Englishman's ear, barked: "Hear 'em out there, Teddy? They're razzin' and laughin' at you."

### OFFERS TED A JOB

In the seventh round Britton gave him his verbal punch: "You'd make a good sparring partner. Want a job?"

In the ninth, the referee warned: "Don't wrestle boys," and the champion interrupted: "I'll do anything he wants to."

Again, in the tenth the referee warned: "Watch your elbows, Lewis," and Britton shot back: "Give 'em a bell but if he wants it."

In the final round, Lewis was holding with both arms around his waist and Britton said: "MAKES HIM A JOKE"

"Hold tight, Teddy, or I'll push you outa bed in a minute."

Britton's sentences were punctuated always with nasty lefts and wicked right hooks. Lewis didn't answer to either. He had a rubber guard in his mouth and couldn't talk and as far as being able to hit him, his hands might just as well have been tied.

### STATE BOWLING MEET IN FULL SWING TODAY

DAYTON, Cleveland and Toledo, Dayton, Cleveland and Urbana five-man teams will get into the rolling tonight in the 18th annual state bowling tournament.

The Kern Brothers Five of Cincinnati and the Sanitary Liquid Gloss team of Toledo with three local squads will form the first flight while the Glendale Markets and Leveum Theatre of Cleveland; Marion No. 1 and 2 of Urbana, and Champion Spark Plugs of Toledo are the out-of-town teams starting in the second division.

Sandusky and Cleveland Pin Knights have practically the whole of the two men events to themselves during the day while individuals of these two cities and several Dayton single entrants will divide the singles.

### PIMPPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain, after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

## HOOSIER MITT ROTES LOSE "BLUE STREAKS", CHAMP GIR TEAM OF OHIO, TO PLAY

INDIANAPOLIS, Ind.—Hopes of the American Legion that its bill legalizing boxing in Indiana would become a law were strengthened Monday when Mrs. Julia D. Nelson, only woman member of the house, voted against an attempt to kill the measure.

The bill passed second reading in the house, and was sent to engrossment with a few amendments. As it stands, provision is made for fifteen round decision contests, governed by a commission of three and a secretary, to be appointed by the governor.

Licensing of referees, promoters, and participants also is provided. The state would receive 5 per cent of the gate receipts. No appropriation is contained for the expenses of the commission, which would have to be covered by receipts from license fees and the gate tax.

Commenting on her stand on the measure, Mrs. Nelson declared: "I am for any good bill to permit boxing exhibitions of the right sort. I think this is a good bill."

## SOME HI SPOTS IN SPORT

"OUR BACKS ARE TO THE FLOOR."

NEW YORK, January 10. The professional fighters of England have made this their college yell. George Phair discovered it and rushed it into print.

Was ever anything truer ever whispered? What an awful bunch of chumps England has, to be sure. She hasn't had a heavy worthy of his salt since the days of Charlie Mitchell, and, as the waiter who served the oxtail soup remarked, "They had to go a long way back for that."

Think of it, not a real good heavy since Mitchell. That was in John L. Sullivan's day, and think of the stars we've had since then: Corbett, Chynowski, Sharkey, McCoy, Jeffries, Langford, Johnson, Dempsey, Fulton, Wills, Phil Jack O'Brien, Weinert, and then on and on.

Even England's little fellows are rather a dime a dozen compared with ours. In fifteen years we haven't seen a snappy Englishman in any class except Owen Moran and Jim Driscoll. Our second-raters go over now and clean up England's stars. Frank Moran stops Bobbett; Ted Lewis stops Champion Easham, and Kid Herman stops Jimmy Wilde.

We'd hate to think of Dempsey and Leonard going across for trouble. My word, wouldn't it be fearful?

ORDER, PLEASE—A LITTLE QUIET, THERE.

In today's mail a post burst forth. It makes a column snappy to have a bit of verse in it and today we shoot you one that will make your hair curl. It is unsigned. The author is undoubtedly one of those blushing virgins who profess to remain unknown.

Here it comes; get ready. As Will Shakespeare said, years ago: "If you have tears, prepare to shed them now."

### LARRY, TURN THE CRANK!

THE CHAMPION'S LAST FIGHT.

The fight was in a crowded hall, And both were fighting fair, The champion did not dare to stall, For the girl he loved was there.

He knocked his rival thru the ropes To the chair marked "Double A." And when that gent gave up all hope, The champion, brave, did say:

"Oh, do not blame me for this, Jack. My girl is such a saint, She thought that I was going back, And I showed her that I ain't."

## ROTES LOSE SERIES TO KIWANIS

The Kiwanian pin smashers proved their supremacy over the Rotary team at the Elks' alleys last night when they defeated their opponents in two games which won for them the 21-game series.

Of course, the Kiwanians say, they did not want to skin the Rotas so bad so they "let" them win the first game by 113 pins. Then they came back strong and won the two remaining; 934 to 874 and 950 to 851.

The individual high score of the evening was made by Art Herritt with 219 pins to his credit. Leo Faurot held the highest average with 132 1-3.

### LIMA A COAL LUMP

Thousands of tons of Coal, much of it of an inferior quality has  
been shipped into Lima this winter in search of a market. Such coal  
is known in the trade as "Distressed Coal" and some coal haulers  
handle such coal because it can be sold cheap to those who consider  
"before Quality."

Our MANHATTAN LUMP is named by the Manhattan Mining Co.  
and is a COAL BLOCK by the New York Coal Co. these companies taking  
care of their product to brand it with their own name.

These are "QUALITY" coals. We know. For Coal Satisfaction  
call them.

We also have in stock GENUINE PORTONIAS lump nut or  
more in Solway Coke and Hard Coal.

**SHREWD ECONOMY**

cannot be used anywhere more advantageously than to protect  
your teeth from loss by decay. Your real teeth are worthy of  
constant attention while you possess them. The rapidity with  
which decay snatches them away is often alarming as well as sur-  
prising.

It is like inviting failure to enter your life. You can't meet  
difficulties in a way to defeat them, when you permit this loss.

The enjoyment that follows a few operations is the kind that  
brings people who want the best to have the best attention at  
once.

You should know about the economy of my prices.

## SHORT SHAVINGS

"Why were all the nations fighting papa?"  
 "To make the world safe for democracy, my son."

"Is the world safe for democracy now, papa?"  
 "It will be when we have peace."  
 "When will we have peace, papa?"  
 "When the world is safe for democracy."

"Will the nations always fight to have peace, papa?"  
 "Yes, always, my son."

Old Robinson was inspecting his son's "personal account" for last college term. "What do you mean by forty dollars for tennis?"

"Oh, that's for a couple of racks of tennis I had to have," replied the son.

"Yes, I understand, but I think we used to call them bats."

The editor of the Barberian (Kansas) Index recently received the following letter from a subscriber:

Please stop the paper. It is a good paper. I like it and so does the old woman and the kids.

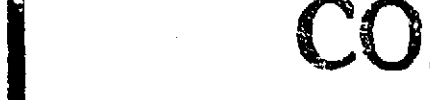

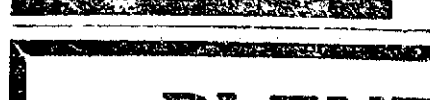

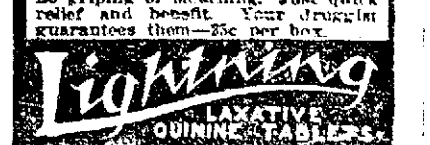

We don't like no other paper so good as the Index, but we are taking a lot of them that ain't no worse than the Index. We'll stop some of them maybe and then take the Index.

We don't know what we would do without the Index. It's a good paper.

Please stop the paper.

"Who'll write the family history?"

"Hiram, of course! He's taken out any number of life insurance policies."

## ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on pack or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturers of Monacette, a derivative of Salicylic acid. Adv.

WANTS TO HELP OTHER MOTHERS  
 Mrs. Wm. Sager, 901 Nichol St., Elgin, N. Y. I gladly write anything that helps a mother with her child. My little girl had whooping cough as I was afraid she would choke. I gave her Foley's Honey and Tar and helped her wonderfully. She could sleep all night without coughing. The cough brought syrup, chokes, colds, stop coughing, cuts phlegm and covers raw, inflamed membranes with a healing coating.—Chas. J. Vorkamp, Main and Markham-sts.—Adv.

## BULGARIAN BREW

EASY TO MAKE

Don't stake your life against the deadly germ. Keep the system in condition to ward off disease. Bulgarian Blood Tea assists Nature to sweeten the stomach, flush the kidneys, tone the liver and purify the blood. Brewed hot at bedtime helps knock a cold out at once. Sold by all druggists everywhere.

## CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or bad and ear noises or are growing tired of hearing go to your druggist and get 1 ounce of Parment (double strength), and add to it 4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

## Quit Knocking! Business Is Good

if you go after it—These are plain words but they explain more and mean more than all the sugar coated phrases man can conceive—and place on paper. THE FACT IS THIS: There is always a price at which the buying public will respond, no matter how bad conditions are—if reductions are necessary in order to CARRY ON, REDUCE—Losses incurred during the suspension of business and the stagnation of business greatly exceed the reductions necessary to keep business going—

Before we offered this formula to the public—we took a big dose of it ourselves—it was bitter medicine, and eat an awful hole in our profits—in fact we lost heavily on a number of items—But like all good cures, it brought the desired results—People are flocking to our store every day—and they are buying—we in turn are buying—to refill our fast depleting stocks—in other words we are putting an unemployed man to work—to produce for us—to produce for themselves—WE ARE NOT MAKING ANY MONEY—but when conditions are back to normal—WE EXPECT TO REAP OUR REWARD. Our customers will not forget the firm that stood with them in their time of need—The firm that reduced—when some said "Further reductions will mean business suicide." We took our chance—we paid the piper—but we have won—we see the clouds lifting from the industrial horizon—the dawn of a new day is approaching—our hearts are roseate—with faith in our fellow man.
